

Sincro Sitewatch Ltd – QUALITY POLICY 2018 Management Declaration

In order to achieve our ambitions it is essential that our policy be understood and accepted by all personnel.

Our policy is to exceed our customer's expectations in all areas.

This is to be achieved through:

- *The application of our quality operating system principals as applied throughout our management systems.*
- *Continuous monitoring of all our processes, setting objectives which exceed those of our clients.*
- *Eliminating the root causes of any concerns rapidly and permanently*
- *Proactivity to anticipate client requirements.*
- *Ongoing training and motivation of our employees encouraging creativity and a customer oriented approach to all activities.*

Continuous improvement is a non-negotiable aspect of our quality policy and all employees are required to contribute to this as part of their everyday activities

As Managing Director I commit to making the resources available to ensure that our Quality Policy is implemented.
