Sincro Sitewatch Ltd – ENVIRONMENTAL POLICY 2018

Sincro Sitewatch Ltd recognizes that, day-to-day operations can impact both directly and indirectly on the environment. We aim to protect and improve the environment through good management and by adopting best practice wherever possible.

Sincro Sitewatch will:

- Work to integrate environmental considerations into our business decisions and adopt greener alternatives wherever possible, throughout our operations.

In all our activities we will:

- Comply fully with all relevant legal and other requirements, codes of practice and regulations.
- Conduct regular environmental reviews and audits of our operations to demonstrate our commitments to continual improvement.
- Minimize waste and increase recycling within the framework of our waste management procedures.
- Identify and manage environmental aspects such:
 - Fuel storage and delivery
 - Waste materials disposal
 - Noise pollution from generator
- Involve customers, partners, clients and subcontractors in the implementation of our objectives.
- Establish, maintain and implement an environmental management system (EMS) for all areas of our operation.
- Provide suitable training to enable employees to deal with their specific areas of environmental control.
- We will promote reduction, re-use and recycling of all types of waste in our operations.
- Establish targets to measure the continuous improvement in our environmental performance.
- Periodically review and maintain our Environmental Policy and Procedures

All employees are responsible for working towards the objectives contained within this policy.
